

The purpose of The Lady Bugs is to provide all children and the young at heart of all backgrounds, ethnic groups, and religions with fun, quality, wholesome family musical entertainment. While providing positive role models children can relate to.

The Lady Bugs provide children and their families with interactive musical entertainment, introducing children to rhythm dance and different types of musical genres with child friendly lyrics.

In 2001 Sarah, Gracie, Angel, and Faith, began thinking of forming a children's group together and thus The Lady Bugs began. After two years of planning, gathering material from song writers, and perfecting the show, The Lady Bugs officially began performing in October of 2002. The girls have preformed together at numerous events, including Fairs, Radio Stations, Festivals, Malls, Children's Museums, and Amusement Parks.

The Lady Bugs know that children enjoy and appreciate music, also that children are precious gifts and that childhood is a time to be cherished and nurtured. Growing up in a home schooling family of seven children has instilled in The Lady Bugs a great appreciation for children, their imaginations and their desire to imitate those they look up to.

What others have to say about The Lady Bugs

"The kids and teachers enjoyed your performances tremendously during our fair. Your performances were truly a hit by the hundreds of kids that were present at your performances, definitely worth having the Lady Bugs as one of our highlighted shows."

David A. Ender

President

Laredo International Fair and Exposition (LIFE)

"The children and families had a terrific time and truly enjoyed your (The Lady Bugs) entertaining songs and performance. Thanks for making our Holiday Party a memorable day for our families."

Lisa P. Daigle

President, Kids Kicking Cancer

"Many, many thanks for coming to our fall festival! You ladies are truly wonderful..."

Kimberly Jones

Editor/Writer, Institutional Relations

Mississippi Gulf Coast Community College

"Thanks to the Lady Bugs performances we had the best 4th of July at our City Park. The children and their parents are asking for The Lady Bugs to come back! We can't wait to have The Lady Bugs perform here again. This is truly a professional, talented, and entertaining group of young ladies."
